A photograph of a man, a woman, and a young boy sitting on a couch in a rustic room. The man is on the left, talking on a mobile phone. The woman is on the right, wearing a red headscarf and a patterned dress, looking at a book or document. The boy is in the center, also looking at the document. The room has a simple, lived-in feel with a window in the background and a small table in front of them.

CEI Africa

Organisation description

CEI Africa was established by KfW on behalf of the German Federal Ministry for Economic Cooperation and Development in 2021 to improve access to energy for rural households and enterprises in Sub-Saharan Africa. In 2022 the Swiss Agency for Development and Cooperation (SDC) joined as Contributor to CEI Africa.

Offer / opportunities

The managing consortium of CEI Africa works with financiers, off-grid solar and mini-grid experts, to develop investment solutions that bridge the financing gap in the most challenging access to energy sub-sectors.

We offer:

- debt,
- (quasi)equity
- technical assistance.

Primarily looking to engage in:

- Productive use of RE projects
- Mini-grid / DRE projects
