Organisation description

The Private Infrastructure Development Group (PIDG) mobilises private investment in infrastructure in frontier markets, accelerating climate action and sustainable development where most urgently needed.

PIDG is a multilateral organisation governed by donors from six countries.

Offer / opportunities

- PIDG provides equity investment, guarantees, debt finance, and technical assistance as required across the project development lifecycle.
- You can find out more about the solutions we offer here: www.pidg.org/our-solutions/
- Our indicative ticket size is USD 5m – 25m (EUR 4m-21m)
- We operate across Africa, south, and southeast Asia with a focus on emerging markets and developing economies, including least developed countries (LDC), fragile and conflict affected states (FCAS).
- We have been operating for 25 years and have expertise across a number of renewable technologies – on- and off-grid solar, hydro, wind, and geothermal energy as well as productive use - electric mobility, cold-storage, etc.

Primarily looking to engage in:

- Productive use of RE projects
- C&I electrification projects
- Mini-grid / DRE projects
- Energy Storage projects
- EPCs / project developers
- Public-private partnerships
